

EASTER 2019

The people who followed Him, the disciples who followed Him, were poor wretches like you and me. All the newness of hope, the absolutely new certainty and new reality that they were, was that Presence. The contemporaneity of that Presence with me, with my children, with those who will come after us in a hundred million years: this is the victory that conquers the world. This is the absolute newness. This is the divine in history! I remain the same poor beggar, but with Christ I am certain, I am rich. The attractiveness of my person, that is, what makes it possible to love my person, is the existence of this Presence. Indeed, it is only in a companionship with Him that a person loves himself. Only a person who carries this message can claim an affection for himself, can love himself and therefore love others.
